REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "HRA has been hired by Presbyterian Hospital of Dallas to audit their Workers Compensation claims. We have found in this audit you have not paid the appropriate reimbursement according to the Acute Care Inpatient Hospital Fee Guideline. Per the ACIHFG, claims with charges over \$40,000 are to be payable at 75% of charges. We don't believe this rule has been changed legislatively as of today; therefore, we are still asking carriers to reimburse as such. The cost of high dollar implants is increasing which, in turn, has affected our cost per claim. Though we appreciate DWC of TDI's research stating that when the ACIHFG was updated, there were not as many high dollar (stoploss) claims as there currently. While this may be true, hospitals can attribute a higher influx of stoploss claims to better (and in most cases) more expensive implantables as is the case with the attached claim."

Amount in Dispute: \$30,648.21

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary Dated February 2, 2009: "There is no evidence submitted by the hospital demonstrating that the services provided by the hospital were unusually extensive. There is no evidence of "complications, infections, or multiple surgeries" requiring additional services by the hospital. Secondly, and of note in this case, there is no evidence that the services provided by the hospital were unusually costly to the hospital."

Response Submitted by: City of Cedar Hill /co Flahive, Ogden & Latson

Respondent's Supplemental Position Summary Dated September 09, 2011: "Based upon Respondent's initial and all supplemental responses, and in accordance with the Division's obligation to adjudicate the payment, in accordance with the Labor Code and Division rules, Requestor has failed to sustain its burden of proving entitlement to the stop-loss exception."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305 and §133.307, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.

The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of Benefits

- W1 – WC state fee schedule adjustment
- B13 – Previously paid. Payment for this claim/service may have been provided to a previous payment.
- W4 – No additional reimbursement allowed after review of appeal/reconsideration
- W3 – Additional payment on appeal/reconsideration
- B13 – Previously paid claim/service
- B13 – Previously paid. Payment for this claim/service may have been provided in a previous payment
- 193 – Original payment decision is being maintained. Upon review it was determined that this claim was processed properly

Issues

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 *Texas Register* 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 *South Western Reporter Third* 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that "Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection..." 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states "...to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold." Furthermore, (A) (v) of that same section states "...Audited charges are those charges which remain after a bill review by the insurance carrier has been performed..." Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$96,504.34. The division concludes that the total audited charges exceed \$40,000.
2. The requestor in its original position statement asserts that "HRA has been hired by Presbyterian Hospital of Dallas to audit their Workers Compensation claims. We have found in this audit you have not paid the appropriate reimbursement according to the Acute Care Inpatient Hospital Fee Guideline. Per the ACIHFG, claims with charges over \$40,000 are to be payable at 75% of charges. We don't believe this rule has been changed legislatively as of today; therefore, we are still asking carriers to reimburse as such." In its position statement, the requestor presupposes that it is entitled to the stop loss method of payment because the audited charges exceed \$40,000. As noted above, the Third Court of Appeals in its November 13, 2008 rendered judgment to the contrary. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved...unusually extensive services." The requestor failed to discuss or demonstrate that the particulars of the admission in dispute constitute unusually extensive services; therefore, the division finds that the requestor did not meet 28 TAC §134.401(c)(6).
3. In regards to whether the services were unusually costly, the requestor states "The cost of high dollar implants is increasing which, in turn, has affected our cost per claim. Though we appreciate DWC of TDI's research stating that when the ACIHFG was updated, there were not as many high dollar (stoploss) claims as there currently. While this may be true, hospitals can attribute a higher influx of stoploss claims to better (and in most cases) more expensive implantables as is the case with the attached claim." The third Court of Appeals' November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must **demonstrate** that an admission involved unusually costly services thereby affirming 28 Texas Administrative Code §134.401(c)(6) which states that "Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker." The requestor failed to demonstrate that the particulars of the admission in dispute constitute unusually costly services; therefore, the division finds that the requestor failed to meet 28 TAC §134.401(c)(6).
4. For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.
 - Review of the submitted documentation finds that the services provided were surgical; therefore the standard per diem amount of \$1,118.00 per day applies. Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that "The applicable Workers' Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission..." The length of stay was three days. The surgical per diem rate of \$1,118.00 multiplied by the length of stay of three days results in an allowable amount of \$3,354.00.
 - The division notes that 28 Texas Administrative Code §134.401(c)(4)(A), states "When medically necessary the following services indicated by revenue codes shall be reimbursed at cost to the hospital plus 10%: (i) Implantables (revenue codes 275, 276, and 278), and (ii) Orthotics and prosthetics (revenue code 274)." Review of the requestor's medical bills finds that the following items were billed under revenue code 0278 and 0274 are therefore eligible for separate payment under §134.401(c)(4)(A) as follows:

Charge Code	Itemized Statement Description	Cost Invoice Description	UNITS / Cost Per Unit	Total Cost	Cost + 10%
6020636	Graft Bone in	Graft Bone Infuse sm	1 at \$3,600.00 ea	\$3,600.00	\$3,960.00
6060798	Screw Ant 5.2	Screw Ant 5.2X28MM	2 at \$495.00 ea	\$990.00	\$1,089.00

6110432	Cage Cougar	Cougar Implant Med 16MM 10Deg	1 at \$6,070.00 ea	\$6,070.00	\$6,677.00
6110433	Plate Ant Lum	Plate Ant Lumbar 25MM	1 at \$4,570.00 ea	\$4,570.00	\$5,027.00
6110434	Screw Ant 5.2	Screw Ant 5.2X24MM	2 at \$495.00 ea	\$990.00	\$1,089.00
6110435	Pin Fixation	Pin Fixation	2 at \$100.00 ea	\$200.00	\$220.00
5000361	Brace Orthosi	Brace Orthosis Lumbosacral	1 at \$900.00 ea	\$900.00	\$990.00
TOTAL ALLOWABLE				\$19,052.00	

The division concludes that the total allowable for this admission is \$3,354.00 + 19,052.00. The respondent issued payment in the amount of \$41,730.05. Based upon the documentation submitted, no additional reimbursement can be recommended.

Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to discuss and demonstrate that the disputed inpatient hospital admission involved unusually extensive, and unusually costly services. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in no additional reimbursement.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
